\*CRISP- Counterfeit Resistant Integrated Security Product

Please note the above table outlines the features of the most recent versions of our banknotes. Older versions of Bahamas banknotes also exist and remain in circulation and incorporate various features including watermarks of The Spanish Galleon, and Conch Shell, latent image, see-through feature, security fibres and security thread.

To learn more about the CRISP and CRISP Evolution families of banknotes, please visit our interactive Virtual Tour found on the Bank's website at [https://www.centralbankbahamas.com/bank\\_notes.php](https://www.centralbankbahamas.com/bank_notes.php) under Currency Products or download the Central Bank banknote app 'CBB Banknote Map' via the Apple and Google play stores.
