Yield Considerations:

The Last Yield is derived from the Central Bank of The Bahamas' most recent secondary market price estimates published at <https://www.centralbankbahamas.com/news/brs-secondary-market-prices>, and may be used as guidance around the issuer expectations for market bids on the reopened securities.

Instructions for participation in this Reopening are outlined below.

Competitive Participation:

The minimum bid is \$500,100 with no upper limit for the competitive bidding option.

- BISX Registered Broker-Dealer Customers: Submit applications through your respective broker-dealer, following the instructions/guidelines.
- Central Bank Customers: Prospective investors wishing to bid competitively should contact the Bank via email to domesticdebt@centralbankbahamas.com or via telephone at (242) 302-2620.

Non-Competitive Participation:

The minimum bid is \$100 with an upper limit of B\$500,000 for the non-competitive bidding option

- BISX Registered Broker-Dealer Customers: Submit applications through your broker-dealer, following their instructions/guidelines.
- Central Bank Customers: Prospective investors, submit application via the Bahamas Securities Portal.

Allocation: Offerings do not prioritize bids for "individual" investors. Instead, the bid allocation process considers (1) the bid size, (2) the total value of all valid bids, and (3) the total offering amount. The methodology will prorate allocations across all bidders (individuals and institutions). In some cases, when offers are oversubscribed, very low-value bids are less likely to receive allocations.

Grow/Shrink: Each security in this offering has the capacity to grow or shrink based on the total subscriptions received for each tenor. The entire offer also has the capacity to grow or shrink, commensurate with overall demand. The issuer maintains the right to cap the offer at its sole discretion.

New Institutional Investors:

New institutional investors may participate through a BISX registered broker-dealer, a list of which may be found at: <https://bisxbahamas.com/broker-dealers/>.

¹ In line with the BRS Consolidation Framework, we are reopening securities. In some instances, in an effort to build benchmark volumes, some bond reopening maturities may differ slightly from established benchmark maturity boundaries.
