Allocation: Offerings do not prioritize bids for “individual” investors. Instead, the bid allocation process considers (1) the bid size, (2) the total value of all valid bids, and (3) the total offering amount. The methodology will prorate allocations across all bidders (individuals and institutions). In some cases, when offers are oversubscribed, very low-value bids are less likely to receive allocations.

Grow/Shrink: Each security in this offering has the capacity to grow or shrink based on the total subscriptions received for each tenor. The entire offer also has the capacity to grow or shrink, commensurate with overall demand. The issuer maintains the right to cap the offer at its sole discretion.

New Institutional Investors:

New institutional investors may participate through a BISX registered broker-dealer, a list of which may be found at: <https://bisxbahamas.com/broker-dealers/>.
